Berkeley, CA

Prerequisites for Admission:

- BA or BS degree in another field from a regionally accredited college or university with a minimum GPA of 3.0

- Courses:
  Grades for the following prerequisites must contain an average grade of B or higher.
  - General Chemistry with lab: CHEM 215 & 216
  - Organic Chemistry with lab: CHEM 221A
  - Biochemistry; lab is optional: CHEM 436A or CHEM 207
  - General Biology with lab: BIOL 200, 201, and 202
  - Human Anatomy and Human Physiology with lab: BIOL 223 & 224 (or BIOL 323 & 324)
  - Microbiology; lab is optional: BIOL 220
  - Calculus: MATH 211
  - Statistics: PSYC 210 or MATH 262
  - Psychology: PSYC 100
  - Reading and Composition (2 semesters or 3 quarters)
  - Immunology; lab is optional (1 semester or 1 quarter)

- Shadowing and optometric experience recommended – applicants better understand their own fit within the profession and communicate that understanding with real-world examples while demonstrating their commitment to optometry.
  - There is no specific number of hours required for shadowing or optometric experience – but obtain as much experience as possible before applying.

- Three Letters of Recommendation:
  - An optometrist who can state through documented experience that you understand the profession of optometry
  - A professor with whom you have done personal work (such as assisted on a specific project), or from whom you took a prerequisite course
  - An employer who can comment about your maturity diligence, and conscientiousness

- Personal Statement* (Topic will vary every year)
- Optometry Admission Test required
Prerequisites for Admission:

- BA or BS degree in another field from a regionally accredited college or university with a minimum GPA of 3.0
- Courses:
  Grades for the following prerequisites must contain an average grade of C- or higher.
  - General Chemistry with lab: CHEM 215 & 216
  - Organic Chemistry with lab: CHEM 221A
  - Physics with lab: PHYS 121, 122, and 123
  - Microbiology with lab: BIOL 220
  - General Biology with Lab: BIOL 200, 201, and 202
  - Calculus: MATH 211
  - Psychology: PSYC 100
  - Statistics: PSYC 210 or MATH 262
  - Human Anatomy and Human Physiology with lab: BIOL 223 & 224 (or BIOL 323 & 324)
  - Biochemistry; lab not required: CHEM 436A or CHEM 207
  - English Composition or Literature*
